COSECHA WHITE WINE MASET DEL LLEÓ

LADY OF THE MEDITERRANEAN

White wine produced from our older white grenache vineyards located 400 metres in altitude, between the majestic Ebro river and lands of the Matarraña. A classically Mediterranean landscape, with abundant sun and scarce precipitation, is ideal for growing this traditional variety. Such singularities offer up the sincerest expression of the grenache variety.

TASTING NOTES

Pale golden straw-yellow in colour. Intense aroma of white fruit and stone fruit (peach) which mingles perfectly with anise-fennel notes. On the palate, it's pleasant and lightly unctuous. It presents a potent structure with magnificent acidity and rewards us a long finish, both fruity and mineral.
